

*Haque Educational & Welfare Trust* was established in 2009. Since the year 2009 we tried to reach most deprived and poor people for their assistance in education, medical and general welfare areas. We are working within our own limited resources.

Our humbler efforts are:-

- a) In our medical camp more than 2000 patients were treated by specialist doctors with free medicines.
- b) Under “Shaista Memorial Scholarships”, we financed about 60 plus higher classes poor students.
- c) Under Al-Ani Kafalat program we are supporting 10 widows / orphans families on monthly basis for their education and food since July 2012.
- d) On every Ramadan and Eid festivals, cloths and food packages to about 25 to 30 deserving families regularly.
- e) Free books / uniforms / school bags to school children.
- f) Free computer training center
- g) Vocational training to women
